VOCABULARY FINDER

Name: _____Date: _____

Book: _____

Chapters/Pages: _____

Your job is to look for unknown words in the section of the book you are reading. Once you have written down the words and page numbers where you found them, use the context clues surrounding the words to try and guess what they mean. Then use a dictionary to find their actual definitions and see if your guesses are correct. Be sure to put the dictionary definitions into your own words.
